ABOUT
FLAWSOME!

REAL WONKY FRUIT SAVED

Hi! We are Karina & Maciek.
We both set up Flawsome! in 2018
we found out 1/3 of food grown
globally is never eaten and so we
had to take action!

We use real wonky & surplus
fruit and transform them into
delicious juices. Since 2018 we
have been able to bring people
together to encourage positive
change by saving over 24 million
wonky/surplus fruits!
